To Whom It May Concern:

I am writing to enthusiastically recommend Aishwarya Bhargava for any position requiring a highly motivated, innovative, and capable individual. I had the pleasure of mentoring Aishwarya during her internship at C1's AI Center of Excellence and was consistently impressed by her skills, dedication, and contributions.

Aishwarya's work during her internship demonstrated a remarkable ability to adapt to new challenges and quickly learn complex technologies. Her contributions spanned multiple projects, showcasing her versatility and eagerness to learn:

- C1 Elly - Project Contributions: Aishwarya played a critical role in automating over 70% of authentication calls for a client, a significant achievement impacting over 50,000 calls. Her technical prowess and dedication to optimization were instrumental in this success.
- C1 AI Development and Research: Aishwarya explored the cutting-edge field of AI, demonstrating a keen understanding of its potential and a desire to contribute to its responsible development. She conducted in-depth research on global AI policies and developed a system to summarize these policies in real-time, proving her analytical and research skills.
- C1 AI Prompt Collection: Aishwarya went above and beyond by developing a comprehensive collection of over 500 AI prompts, focusing on various industries such as healthcare, education, and insurance. She leveraged her technical skills to build over 50 bots using the C1 Generative AI Designer, showcasing her practical application of AI knowledge.
- C1 Elly Evaluate: Aishwarya contributed to the prototype development of Elly Evaluate, highlighting her ability to translate technical ideas into functional user interfaces.

Beyond her technical skills, Aishwarya is a highly motivated and collaborative team player. She consistently demonstrated a positive attitude, a willingness to learn from others, and a dedication to delivering high-quality work.

I am confident that Aishwarya has the potential to excel in any role that requires technical proficiency, analytical skills, and a passion for innovation. I highly recommend her for any opportunity that aligns with her skills and ambitions.

Please do not hesitate to contact me if you have any further questions.

Best Regards,

Vijay Kammili
